

Quickride

STEP-BY-STEP DRIVER APP INSTRUCTIONS

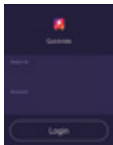

17525 Community street
northridge CA 91325

1 888-570-6807
support@goquickride.com

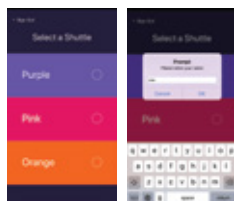

GETTING STARTED

01. Download the Quickride Driver app from the Apple Store or Google Play Store.

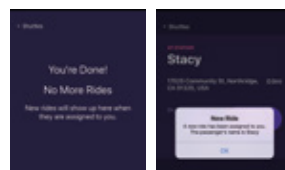

02. Login to the Driver app using your Station ID and Pin #.

03. Pick a color for your shuttle. Be careful not to select a Locked shuttle unless instructed to do so. Then enter your name for the shuttle.

04. Wait for a ride to be assigned to you

DROPPING OFF CUSTOMERS

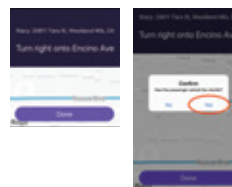

01. After a customer has boarded your shuttle from the dealership, select that they have boarded your shuttle.

02. Click Go to get directions to their drop-off location.

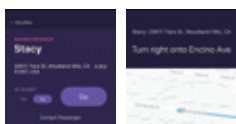

03. Click Done once you have arrived to the passenger's drop-off location and select Yes once the passenger has exited the shuttle.

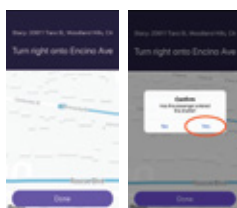

04. Repeat for remaining passengers or head back to the dealership when all rides are completed.

PICKING UP CUSTOMERS

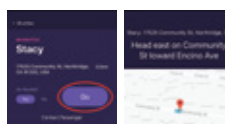

01. Click Go to get directions to their pick-up location.

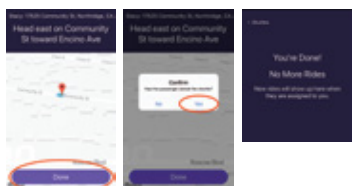

02. Click Done once you have arrived to the passenger's pick-up location and select Yes once the passenger has entered the shuttle.

03. Click Go to get directions back to the dealership. (pick-up any remaining customers waiting to be picked up or drop-off any remaining customers on your shuttle before heading back to the dealership)

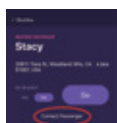

04. Click Done once you have arrived at the dealership and select Yes once the passenger has exited the shuttle.

05. Repeat for remaining passengers.

CONTACTING CUSTOMERS

01. Click Contact Passenger.

02. Select Phone to call the customer, Text to text a customer, or Cancel to exit the contact menu.
