Your New Shuttle Partner

Quickride's all-in-one platform simplifies managing shuttles, customers, and drivers. At the tap of a button, you and your customers will have a clear view into their shuttle trip at all times. Getting from point A to point B has never been easier.

Save time

Quickride streamlines your shuttle and rider schedules in one centralized platform.

Stay in command

Pinpoint the exact location and expected arrival times of your shuttles.

Improve Rider Satisfaction

Our up-to-date mapping system provides riders with accurate arrival times, and push notifications and phone calls ensure they meet your shuttle in the right spot, at the right time.

Efficient Drivers

Quickride's route optimization gets shuttle riders to and from their destination, smoother and faster.

Save Money

Take advantage of warranty rebates and avoid spending money on costly rideshares or outdated shuttles.

Keep Them Coming Back

Drive actionable insight into your services by deploying a text survey as soon as the shuttle service ends.
